EXPERIENCE

Code Fellows, Seattle, WA

Teachers Assistant

October 2022 – Present

- ☐ Tailor individual instruction, guidance, and technical support to 100 students at all class levels, leading students to have a better understanding of programming concepts and best practices
- ☐ Resolve 10+ tickets per day through efficient triaging, debugging student web applications, and leading students to stronger comprehension in web development resulting in a 20% shorter ticket lifecycle
- ☐ Collaborate with peers on effective communication practices between management, students, and instructors, further developing teamwork among each other in addition to 25% more lab coverage

Providence Health Services, Remote

Software Development Intern

April 2023 – September 2023

- ☐ Collaborated with a team of developers to design and implement software solutions using C#, Azure DevOps, and the full Microsoft Office suite
- ☐ Assisted in developing and maintaining software applications, contributing to improving internal processes and workflows
- ☐ Worked closely with senior developers and project managers to gather requirements, prioritize tasks, and meet project deadlines

Zillow Group, Seattle, WA

Pricing Analyst

March 2020 – January 2022

- ☐ Valued and analyzed the potential risk of investments via comparative market analysis for Zillow Offers asset portfolio, producing a 3%+- average margin of error per case
- ☐ Consistently exceeded weekly objectives, SOP adherence, and quotas, leading to top-performer accolades 4 times in 2021
- ☐ Managed inquiries and concerns from broker partners, leading to a more efficient workflow and a 30% drop in pricing errors

EDUCATION

Year Up / Seattle Central College, Seattle, WA

September 2022 – September 2023

Year Up is an intensive, competitive technical training and career development program. The program includes college-level courses, professional training, and a six-month internship.

- ☐ Certificate completion in Software Development and Testing, Project Management, and Business Communications, with specialized training in Application Development, including HTML, CSS, and JavaScript

Code Fellows Coding Bootcamp Seattle, WA

December 2020 – March 2022

- ☐ Completed intensive JavaScript-focused coding boot camp learning CRUD operations, backend authorization and authentication, full-stack development, testing, and data structures
